

MEMBERSHIP CALL REQUEST-(DMS MEMBERS)

Legionnaires,

The LEGION ACT has been passed. This allows each Post to have VETERANS from December, 1941 (Honorably Discharged) up to now-to be part of our Post Families. Reminder- Membership is the LIFE BLOOD for all of us. The Iron is hot and we need to go after them.

Due to this action a lot of Veterans are going through National and joining. We as the Membership Team are planning to reach out to them and hopefully find them a Post Home close to where they live. We need to know if your Post is willing to accept these members into your ranks. We want to be very careful with not overloading you with new **DMS** members but also helping you to increase.

When you give us permission to sign them up for your individual Post- we will send you their names and contact info. We encourage that you send them a welcome by mail and a phone call. Another quick reminder is that we have over 3K plus Veterans for the picking.
